PREFACE

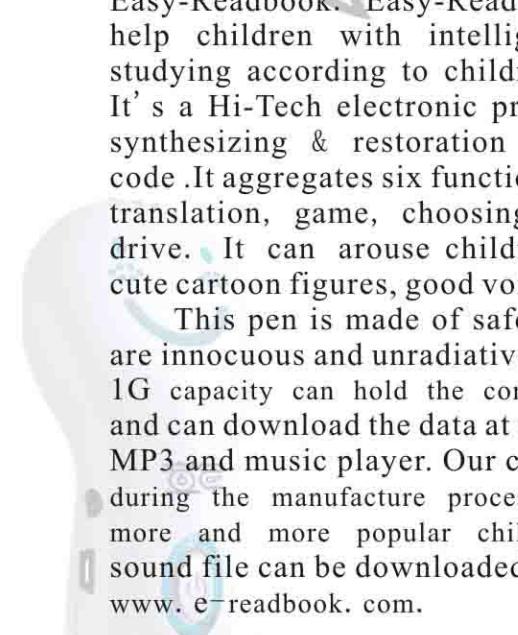

Thanks for your purchase of the touch-reading pen Easy-Readbook. Easy-Readbook is an assistant tool that can help children with intelligence exploiting, reading and studying according to children's characteristic in their age. It's a Hi-Tech electronic product combines advanced voice synthesizing & restoration technology and OID recessive code. It aggregates six functions: touch-reading, rereading, translation, game, choosing book automatically and thumb drive. It can arouse children's great reading interests by cute cartoon figures, good voice and interesting games.

This pen is made of safe environmental materials which are innocuous and unradiative and can be operated easily. The 1G capacity can hold the contents of several dozens of books and can download the data at a high speed, and also support the MP3 and music player. Our company offers vigorously support during the manufacture process. We will continually present more and more popular children's books. All the relative sound file can be downloaded for free. Please visit the website www.e-readbook.com.

We believe that the Easy-Readbook and relative books can create your children a happy reading fairyland.

We aim at providing excellent service and being proud to meet all your needs.

Product Appearance Chart

In order to let you know about the touch-reading pen Easy-Readbook as soon as possible, please read the simple introduction of keys and interfaces.

Power

Easy-Readbook is powdered by built-in battery. You should insert the USB charger in the jack and insert other tip in the 220V power jack. The full performance of the battery will be achieved after the complete charge about 2 hours.

On/ Off

★ On

After charged, touch the On /Off key  for a moment until the loudspeaker phonates and the indicator light flashes.

★ Off

In the On state, touch the On /Off key  for a second until the loudspeaker phonates and the indicator light flashes.

Book Choosing

After turning on the Easy-Readbook, if there is the content of only one book in the memory chip, then touch directly the book to start all functions. If there are the contents of many books in the memory chip, please touch the logo  on the cover to start your interesting journey.

How To Touch

The right way to use the pen is to hold it and touch the book lightly and vertically.

* Notice:

1 Do not keep touching for a long time, otherwise the pen will reread again and again.

2 The laser inducing point is an exact instrument, please do not touch the book forcefully.

Memory Chip

The capacity of the memory chip built-in the Easy-Readbook pen is 1G that can contain the contents of several dozens of books

Touch-reading

► According to the function arrangement, if you touch any picture, word, English or pinyin in the book, the pen will pronounce. If it's a story book, the pen will start to read the story once you touch the text.

► The pictures and words would be distinguished by the pen, we advise you not to touch continually.

► Not any position and part of the book will be set with the contents can be induced . It must be arranged according to our plan.

Translation

Please touch the English in the book or wall map. It will pronounce in English by touching once and Chinese by touching twice.

Some books are also set with a special key  for the third language, you should touch the key first, then touch other pictures or words. It will read in the third language.

Reread

You just need to touch the words of the text repeatedly to realize the rereading function.

Game

Stochastic Game:

Please touch the game key  , the pen will optionally draw out several questions.

Regular Game:

Please touch the word on the game page, there will be some relative questions.

Labyrinth Game:

Please touch the words on the labyrinth game page, the pen will ask you some questions. Children should touch the correct answers or the routes till go out of the labyrinth.

Game Stop :

If you want to stop the game , please touch the game stop key. 

When the game stops, meanwhile it will return to the first step of reading.

All the games are designed well-connected. When children touch the wrong answer, it will encourage them to continue .When children find the right answer, it will praise them in a way that is nature.

MP3

You can store MP3 music in the touch-reading pen from the PC by USB cable. We specially design a MP3 player card for the MP3 function; you can operate the MP3 player by touching the card with the pen.

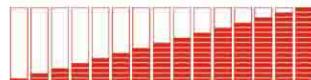

Volume

Please use the pen to touch the volume key
To adjust the volume.

There are 15 ranks of the volume so that you can adjust it according to your needs.

You can touch

directly to choose

exactly what you need.

The Romance Of Threee Kingdoms

The Romance Of Threee Kingdoms is a well-known Chinese classical literature. We adapt this novel in the form of comic book. There are many intellegitive games relate to the story so that children can appreciate the charming of the Chinese Classical literature.

Happy Children's Songs (Chinese & English Edition)

To train children's expression and the ability to use and understand language, reading traditional classic children's songs is a good way. Easy-Readbook is a wonderful reading partner for children when they start to learn language with looking, listening and speaking functions. We have professional English dubbing experts to dub the English children's songs so that children can learn standard English pronunciation. Even the parents who don't know English at all also can teach their children English reading and speaking .

Initiation Wall Map

Wall map is a prefered tool for children's study. Learning the surroundings and knowledge by featrue is the best way to accumulate knowledge. In order to extend the study function and knowledge points, we add pronunciation function in the traditional wall map functions.

The Journey To The West

The Journey To The West is one of the best Chinese classic fairy tales and most popular with children. So we specially choosed 8 stories and adapted them to an interesting fairy tale picutured book. Children can appreciate the charming of the Chinese classic fairy tales by reading them. Besides the stories, we designed many games. When playing the games, children can gain the knowledge what is good at developing intellegence.

Disney Scene English

Disney Scene English contains 900 necessary words and extended words of children's English learning in present stage. The books adopt standard English dubbing and rereading that children can enjoy by Easy-Readbook. It's a good way to set feet on the first step for English learning.

Interesting Cardboard Storybook

This series adopts the pronunciation function in good voice with feeling so that it can improve children's interesting on reading. Even children can read by themselves.

World Classic Fairy Tales

World Classic Fairy Tales is a series that children love to read most. We add pronunciation element and interesting games function. Children not only can read the books easily, but will also have fun.

Preschool 600 Necessary Words

Preschool 600 Necessary Words adopts dubbing form so that children can read and learn by themselves without teachers or parents.

The new books continue to be presented...

Please visit www.e-readbook.com for more details of latest books

All series are sold in all New China Bookstores and book retail shops.

Three Character Primer

Section

Men at their birth, are naturally good. If a man does not learn, he can not know his duty towards his neighbor.-- Person that has not studied cannot know righteousness.

Being a human child, there is little time.-- The love between father and child, the harmony between husband and wife.

We speak of spring and summer, we speak of autumn and winter--Love, hate, desire. These are the seven emotions.

Gourd, earthenware, skin, wood, stone, metal.-- Carefully teach the old texts, clearly identify sentence and paragraphs.

Those who would learn, must have a beginning.-- The Six Classics, which should be explained and analyzed.

There is the Lian Shan, there is the Gui Cang.-- there is that of Zuo. there is that of Gou Liang.

When the classics are clear, read the philosophers.-- After four hundred years, the Xia ended.

Tang ended the Xia, the dynasty was called Shang.-- Four hundred years, ending with Emperor Xian.

Wei, Shu and Wu, contended for the Han trophy.--It's called the Five Dynasties, each exist for a reason.

The fiery Song arose, and received the resignation of the Zhou.-- Li Chuang revolted, divine artifacts burned.

The great ancestor of the Qing received destiny's call.-- They had no books, yet knew how to exert themselves.

One tied his head to the roof beam; another pricked his thigh with an awl.-- Like them, the young should think appropriately early.

Ying at eight years old, could compose poems.-- If, negligently, you do not study, how can you become people?

The silkworm produces silk, the bee makes honey.-- Guard against it; exert your strength.
